we are responsible for the products.

## HIGH STANDARD

Details Create Excellence

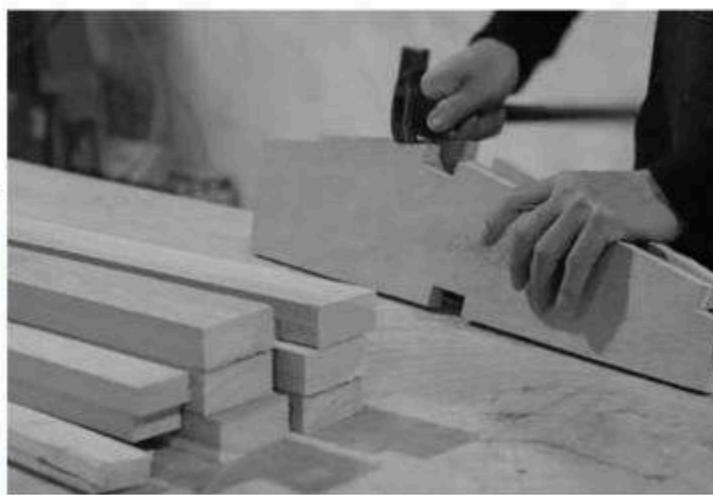

people's constant creation gradually turns ideal into reality. Experiencing life and tasting life has become the new concept for modern people. In the south and north banks of Yellow River, different places nurture different people. However, enjoying every detail of life, and making valuable research on material and spiritual aspect have always been the unchanged theme of human life.

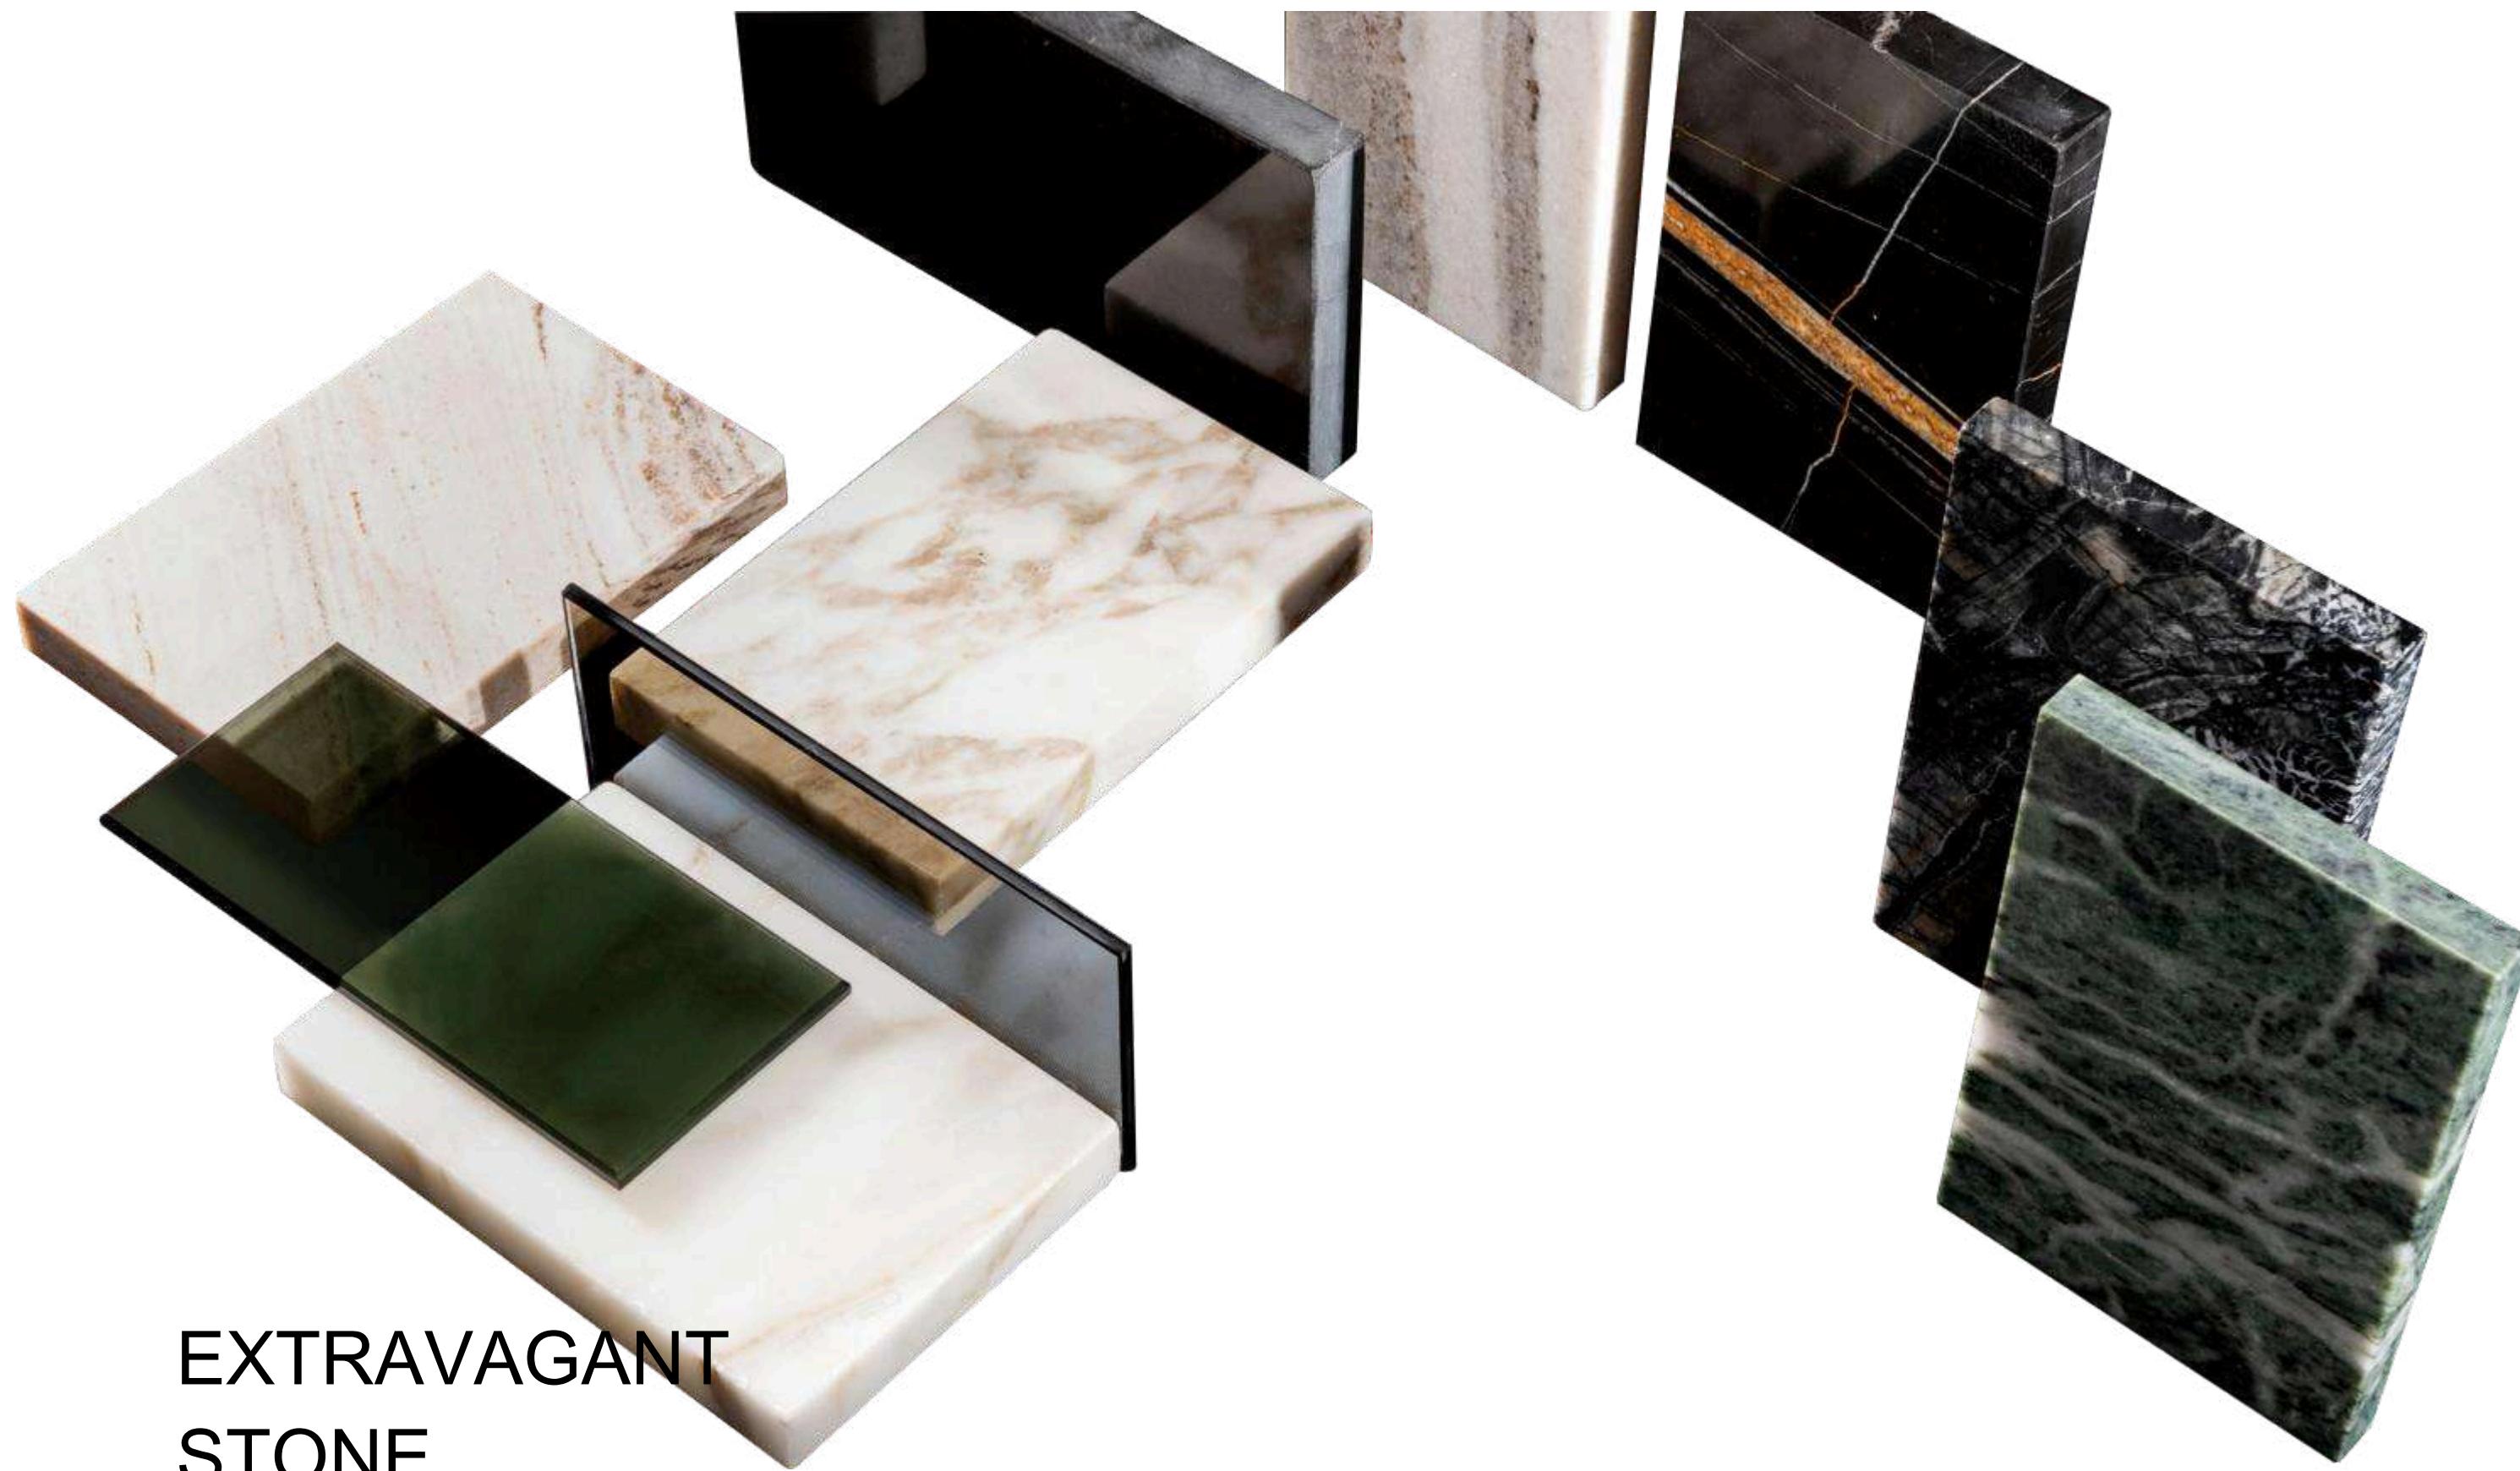

# THE ORIGIN OF TIME

Display Science and Technology

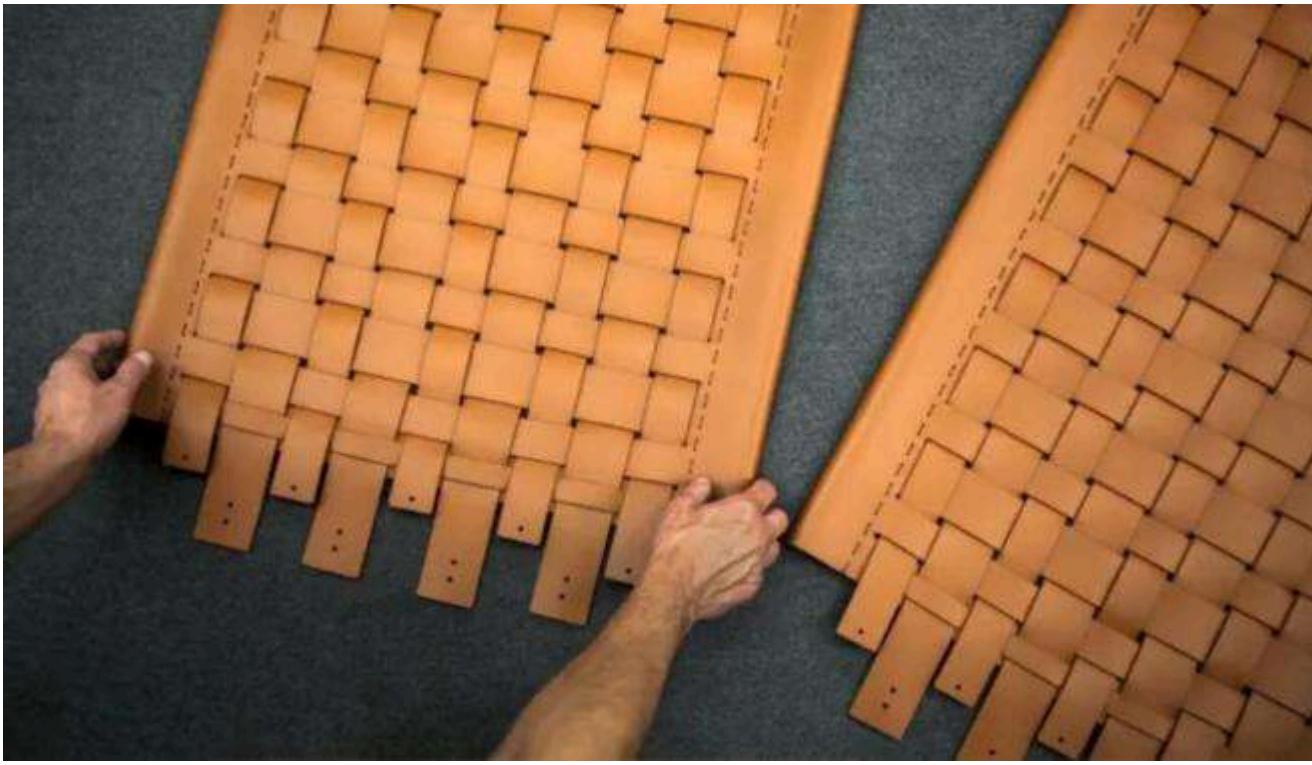

Each corner and each respect of life, is actually already more and more exquisite, not because we are more nitpick, but because we know that we should let every moment pass in this way. And we are cannot resist such fascination, and we need not resist such fascination, because improving life quality is the unremitting pursuit of mankind, and is the important motive power for development of civilization. We use quality impoted materials together with ergonomic theory as well as unique design and exquisite workmanship to make high-end products that are quality and affordable, elegant, vivid and comfortable, meeting the modern taste.

## EXTRAVAGANT STONE

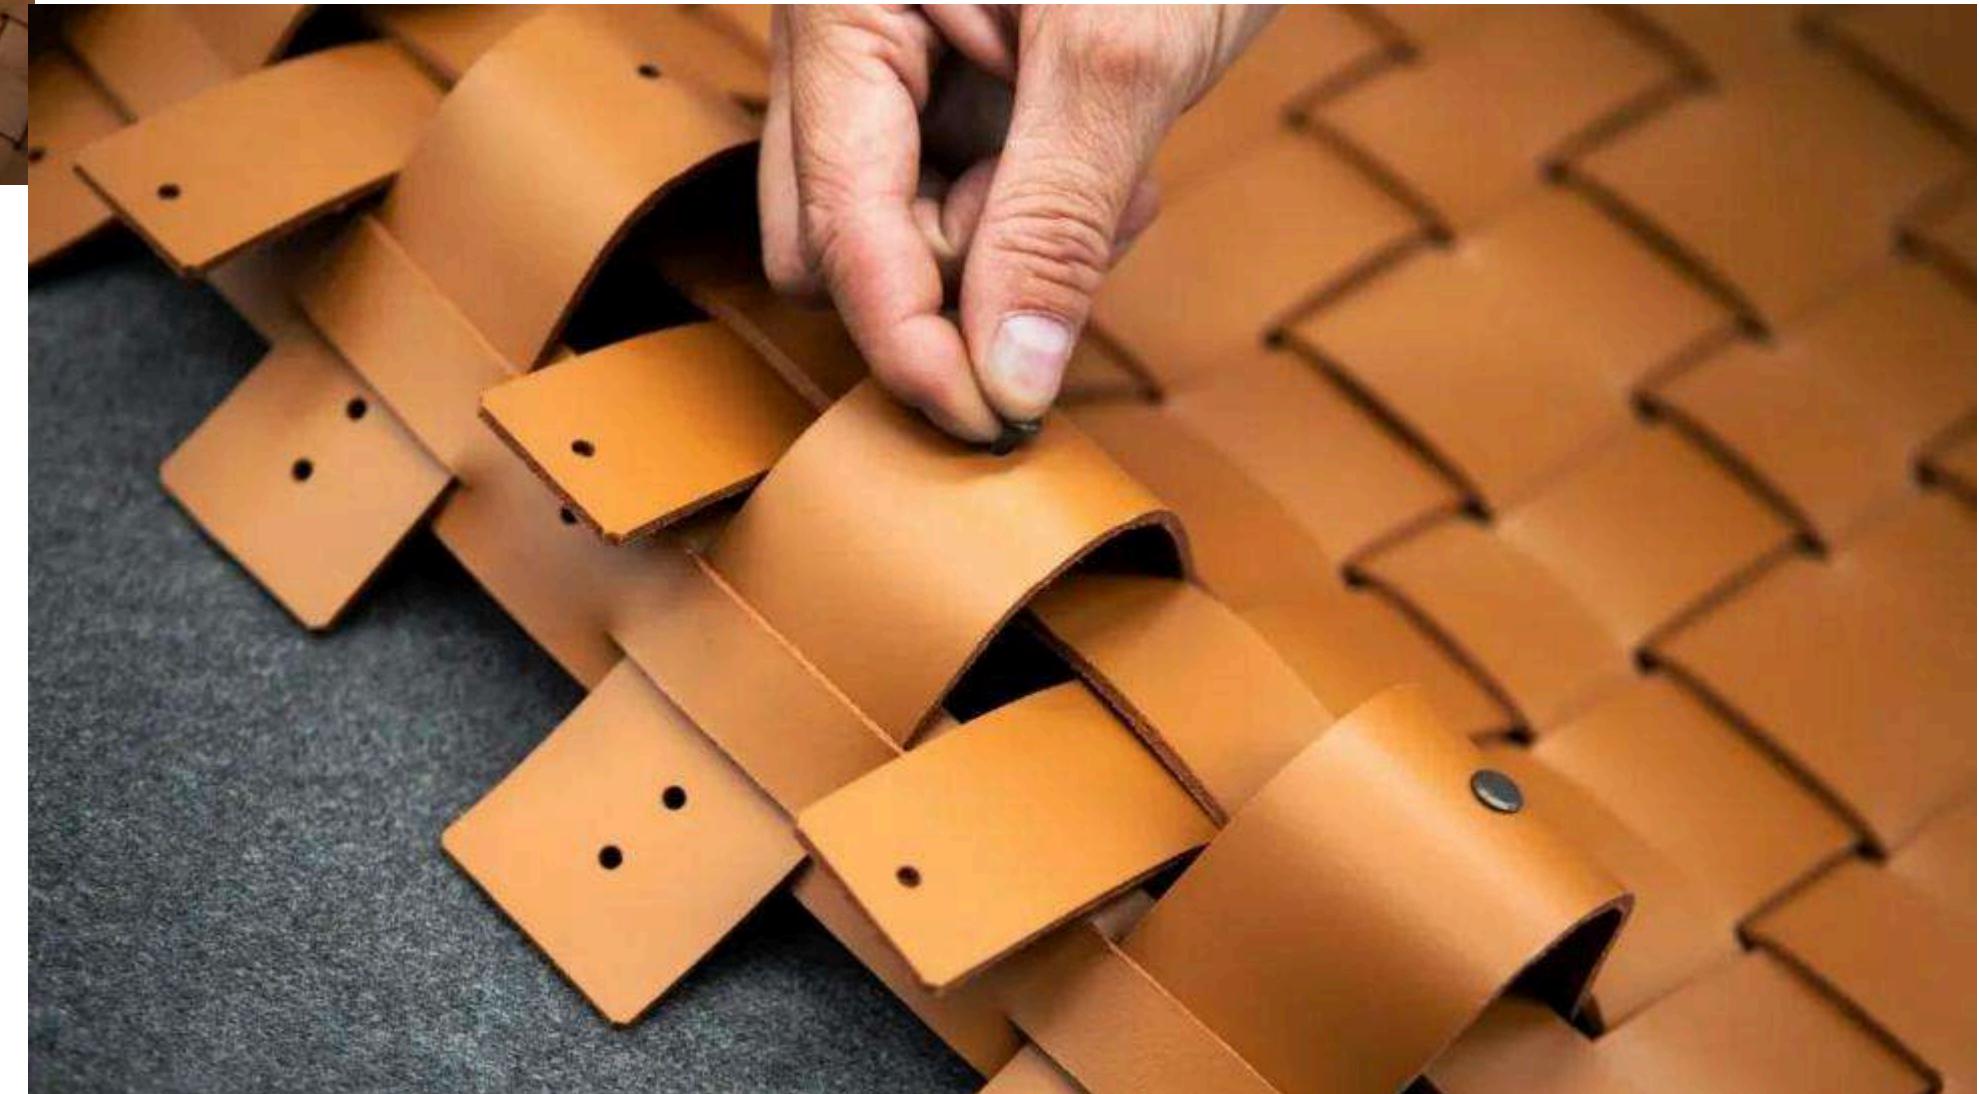

Stone is a natural and rare top cultural stone variety, designed and applied to various corners with its natural texture, delicate texture, and rich and diverse colors. Each luxury stone has a unique style and artistic temperament, maximizing the cultural taste and artistic perception of the decoration space.

The eternal design method is composed of a balance of lightness, delicacy, and timelessness, never to be obscured by dust. This is a low-key and restrained condensed aesthetics, a low-key and evergreen method. The most important thing is the comfort of touch and vision. Anyone who gets stuck in a BBORR sofa will experience a warm and protective feeling surrounded by familiar armchairs, coffee tables, and accessories, which can create a warm cocoon effect.

## Excellent craftsmanship

Home accessories are made of saddle leather and logs, combined with exquisite craftsmanship, bringing people a unique sense of beauty and practicality. Integrating the beauty of modern style and Eastern tone, the craftsmanship of saddle leather and wooden design are combined to create a space full of taste and charm with a lightweight effect and fashionable visual presentation.
